All fees are standard and primarily based on our professional association's guidelines. Our experience has shown that it is wise to have an understanding with our patients as to our office policies and fees. Therefore, this form has been prepared for your convenience and information.

Based on our recommendations to you as a patient, you may opt for paying in advance for 12 visits and receive the 12th visit and re-examination at no charge. If special arrangements are necessary, please consult with the Doctor. Our main concern is your health and well being, and we will do our best to help you. Our goal is to serve you as the patient. We are considered an out-of-network provider.
